Celebrating the Lord’s Resurrection

Vision Creates Direction

Without vision, effort becomes confusion. You may work hard, but you will move in circles instead of moving forward.

Vision is the ability to see beyond our current situation. It gives meaning to sacrifice and purpose to discipline. When you know where you are going, small obstacles stop feeling big.

Clear vision reduces distractions. It helps you say no to things that do not align with your future. It builds focus, consistency, and long-term patience.

People with vision do not depend on motivation every day. They depend on clarity. And clarity turns ordinary effort into extraordinary results.

An extra point:

Be careful what shapes you...

Every movie you watch, every song you play, every person you hang around is shaping you, slowly, quietly, but surely, if it does not point you closer to God, it is pulling you further from Him.

You cannot fill your mind with the world and expect to have a heart for Jesus. Do we fill our hearts and minds with things of the world? How much of the WORD of GOD fills our thoughts.

And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus.

Philippians 4:7
